In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

TEXAS FARMERS

Located in the Panhandle Country constitute those who are out of debt, possess an abundance of a vast proportion of all that is necessary to comfort and easy hours, and own

BANK ACCOUNTS.

Those who are not so fortunate should profit by past experiences and recognize that these conditions are possible in

THE PANHANDLE

as no where else for the reason that no other section now offers REALLY HIGH-CLASS LANDS AT LOW PRICES and that the Agricultural and Stock-farming possibilities of this section are the equal of, and in some respects better than three to five times higher priced property located elsewhere.

In a word: Many Magnificent Opportunities are still open here to those possessing but little money, but prompt investigation and

QUICK ACTION

are advisable, as speculators have investigated and are fast purchasing with a knowledge of quickly developing opportunities to sell to others at greatly increased prices.

THE DENVER ROAD

Sells cheap Round Trip tickets twice a week with stop-over privileges.

IMMENSE FIRE RAGES

Johnstown, Pa., Visited by Million Dollar Blaze.

BUSINESS HOUSES GO

Starting in the Mercantile Section of That City, the Flames Continued Their Devastation Several Squares.

Johnstown, Pa., March 28.—With a monetary loss that will aggregate fully \$1,000,000, one fireman killed, several others seriously hurt by falling walls and some first-class buildings in ruins, Johnstown was visited by a terrible conflagration early this morning.

The fire broke out at 12:30 o'clock in the center of the business section of the city and structure after structure fell before its progress. For three hours the roar of the flames was something frightful, and at 3:15 o'clock it seemed as if nothing could stay its destructive work.

It will be remembered that some years ago by the bursting of a dam a deluge of water was precipitated upon this city, causing scores of persons to lose their lives and resulting in many houses being swept away.

TOOK WIDE RANGE.

Several Witnesses Examined As to Enrollment Matter.

Austin, March 28.—Special committee to inquire into erroneous enrollment of section 120 of the Terrell election law heard several witnesses Tuesday. The testimony took a wide range. Mr. Robison, the enrolling clerk of the house, testified that he had no recollection of having received instructions from Mr. Love as to how section 120 should be enrolled. Upon the other hand Mr. Love tells in detail of giving instructions and says he could not be mistaken about it.

Some of the questions asked by the committee indicated that they were testing various theories as to how the error may have occurred.

Once they asked Mr. Robison if it wasn't possible that the section had been enrolled according to the senate amendment before the free conference committee reported. Mr. Robison said it was not.

Then it was suggested to the committee that two conference committee reports had been made and that one of them was afterward withdrawn.

Mrs. Robison, who assisted in enrollment of bill, Messrs. Holton, Hawkins and Lewis, who were engaged after the adjournment of the legislature to re-read proof on the bill and make correction of the section numbers, Representative Love of Dallas, Browne of Karnes and Carswell of Panola, and Speaker Seabury were examined.

CONNELL OWNS UP.

Several Hundred Men Threatened to Hang the Clergyman.

La Junta, Colo., March 28.—Rev. W. G. Connell, former pastor of the Presbyterian church at Lamar, who is held for trial on a charge of immoral conduct, was safely lodged in jail here Tuesday after having been hastily removed from Lamar to prevent a lynching. Connell left Lamar hurriedly two weeks ago. He was arrested at Waxahachie, Tex., and was brought back to Lamar Tuesday. Several hundred men thronged the streets threatening to hang the minister. On being arraigned in court Connell waived examination, acknowledging his guilt. Later under heavy guard he was removed in a wagon to Las Animas, where he was placed on board a train and brought to this place.

FOUR CREMATED.

Fifth Negro Prisoner Received Burns of Critical Character.

Corsicana, March 28.—The jail on the poor farm of Navarro county was set on fire and four prisoners burned to death. The dead are John Williams, Bill Rutherford, Ed Bruner and Charles Blackburn. Arthur Williams was so badly burned his recovery is doubtful. It is alleged that one of the men who perished set the structure on fire hoping to escape. When the guards discovered the fire it was too late to save the four who perished.

Drank Aconite.

Guthrie, March 28.—Daniel Newell, a prominent farmer of Stone township, Woods county, killed himself by drinking aconite. Showing his wife an empty bottle, he told her he had taken the contents of it. She summoned a physician, but help arrived too late.

Logan Receiver.

Washington, March 28.—National Bank Examiner Logan has been appointed receiver of the First National Bank at West, Tex., which closed its doors Tuesday.

Criminal Assault Charged.

Paris, Tex., March 28.—Ed Jordan, a negro, was lodged in jail on a charge of statutory criminal assault.

Indian police have been recalled from Sapulpa, I. T., where they went to remove intruders from town lots.

AMERICANS PRAISED.

Their Sagacious Intervention Highly Spoken Of.

Algeciras, March 28.—Ambassador White and others of the American delegation to the conference on Moroccan reforms were showered with compliments for what is regarded as their sagacious intervention, which has assured a solution of the last remaining serious difficulty of the conference, and a final settlement of one of the most delicate and complicated questions ever brought before the conference for decision.

Austria's police proposal has left the German and French delegates still occupying totally opposing stand-

ANDREW D. WHITE.

points relative to the police inspections. Mr. White, seeing the danger of disagreement, took the initiative in an attempt to settle the situation. He and his colleagues drew up a fresh scheme, putting down the proposition that the inspector shall report simultaneously to both the sultan and the diplomatic corps at Tangier, the latter having authority to order to working of the Franco-Spanish police scheme, thus guaranteeing the carrying out of the conference decision and safeguarding foreign interests and commercial transactions. The full conference adopted it provisionally, while awaiting the French government's ratification, which the delegates do not doubt will be accorded.

PLAYERS' PUNISHMENT.

New Rules Adopted By National Baseball Commission.

Cincinnati, March 28.—The National baseball commission adopted new rules in regard to clubs "covering up" players. Punishment for offenders was fixed as follows: For the first offense of a major league club, a fine of \$1,000; Class A, \$750; Class B, \$500; Class C, \$350; Class D, \$200.

A repetition of the offense shall carry with it suspension from protection of the national agreement for a period of six months, players of clubs incurring this penalty being free from reservation until reinstatement takes place. The commission also decided that no national agreement player could assume the management of any national agreement club, even if only to direct play from the bench, without first securing release from the club having him under reservation.

FAR APART.

No Nearer An Agreement Than At the First Meeting.

Indianapolis, March 28.—The joint scale committee of the bituminous operators of Illinois, Indiana and Ohio and western Pennsylvania Tuesday reported a disagreement to the joint conference of the central competitive district, and after a session of three hours the conference adjourned.

The discussions and arguments presented during the afternoon by the representatives of the miners and operators showed no change whatever in situation and established the fact that so far as indications can determine the opposing sides are no nearer a wage agreement than they were when the first conference was held. The present wage scale will expire Saturday.

Will Test Coal.

Lawton, March 28.—Captain Edward C. Carsey of the Thirtieth Infantry, at Fort Reno, has been ordered by the War department to proceed to the various coal mines in Indian Territory known as Alderson, McAlester, Harts-horne, Wilburton and Halleyville to oversee the securing of samples of coal for test by the questmaster's department.

Death Sentence Affirmed.

El Paso, Tex., March 28.—The supreme court of Mexico has affirmed the sentence of death against Richardson, Mason and Harle, convicted of having murdered Mitchell and Devers at Chihuahua four years ago, in order to collect insurance on their lives. They will be shot unless Governor Creel pardons them.

Shut Out by Galveston.

Galveston, March 28.—The Cincinnati Reds of the National league were shut out by Galveston. Score: Galveston, 2; Cincinnati, 0.

Willie Hoppe Wins.

New York, March 28.—Willie Hoppe won the billiard championship from Slosson.

J. O. JACKSON JR.,

Jefferson, Texas.

The Free Seed Fraud.

The government sends out 50,000,000 packages of seed annually at a cost of \$290,000. It does not pay one cent of postage on this, which would mean \$300,000 more. The seed, as a rule, are worthless and the people care nothing for them, yet the government perpetuates the fraud as if it were a great benefaction. Uncle Sam is getting old enough to cut off some of his extravagant habits.—Pittsburg Gazette.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

The K. of P. lodge of Texas is considering plans for building a widows' and orphans' home on their 200 acre tract of land at Weatherford. In 1898 the small sum of \$2000 was set aside as a nucleus for the establishment of this worthy purpose, and it has now reached about \$100,000.

A Scientific Wonder.

The cures that stand to its credit makes Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of piles. It has the worst burns, sores, boils, ulcers, cuts, wounds, chilblains and salt rheum. Only 25c at all druggists.

The value of horses in the United States exceeds one thousand million dollars, and both numbers and values are increasing, notwithstanding the recent wonderful development of the automobile industry.
