POINTS OF ORDER ALSO RULED OUT

House Leaders Knock Economical Projects of Some of the Members in the Head.

EXPLANATION BY DALZELL

DENVER MINT APPROPRIATION INCREASED.

Washington, March 28.—To unravel the tangle in which the house is at present involved Mr. Dalzell (Pa.) reported a rule providing that hereafter, in consideration of the bill making appropriations, it shall be in order to consider, without intervention of a point of order, any section of the bill as reported, exception section eight, and, upon motion authorized by the committee on appropriation, it shall be in order to insert in any part of the bill any provision represented as part of the bill and heretofore ruled out on a point of order.

Section 8 referred to in the rule reported refers to the "old age" paragraph which has created so much adverse discussion.

Rule Adopted.

On the vote on the previous question on the rule, the ayes were 120 and noes 71.

Mr. Dalzell, in explanation of the reason for the rule, said that it was brought in "to put a stop to indiscriminate points of order which, if sustained, would tie up the government.

Mr. Hardwick (Ga.), Mr. Driscoll (N. Y.), Mr. Fitzgerald (N. Y.) and Mr. Prince (Ill.), opposed the rule with vigor.

Mr. Grosvenor (O.) favored the rule. The rule was adopted, 169 to 109.

The house then went into committee of the whole for consideration of the legislative, executive and judicial bill.

Denver Mint Gets $150,000.

Mr. Brooks (Colo.) offered an amendment increasing the appropriation for the Denver mint to $150,000, which was adopted, 82 to 61.

Mr. Southard (O.) moved that the mint at New Orleans be abandoned, and said that its discontinuance would be in the interest of real economy. Mr. Southard's amendment was lost.

Having completed the reading of 110 pages of the bill, it was temporarily laid aside and the committee rose.

Mr. Adams (Pa.) presented the conference report on the consular bill, which was ordered printed, and at 5 o'clock the house adjourned.

COAL FAMINE IS PROBABLE

Railroads Confiscating 75 Per Cent of the Output of Some Mines and All of Others.

Chicago, March 28.—The Record-Herald today says:

"The supply of commercial coal for Chicago has practically been cut off. For two weeks the coal carrying roads have been taking 75 per cent of the output of many mines, and the entire production of others. Actual confiscation of coal by the roads within three days is predicted by coal men.

"The market price is beating upward and the limit has not been reached. Jobbers have been selling all the soft coal obtainable at $3.50 a ton. Two months ago, in the middle of winter, it went begging at $2 a ton.

"Most of the railroads and the largest industrial and commercial plants will have from thirty to ninety days' supply in stock by next Monday, but the most optimistic dealers predict that smaller plants probably will be in distress, if the prospective strike is prolonged. Some of the railroads have given notice to certain mine owners that only 25 per cent of the production would be handled for commercial purposes. Other roads have arbitrarily notified coal mine owners that no commercial coal will be handled."

CANDIDATE DEPORTED.

Costa Rica Government Will Not Allow Opposition.

New York, March 28.—Maxima Fernandez, a candidate for the presidency of Costa Rica, who was deported from his native land because of the action to the opposing government, arrived here today on the steamer Silveria. He was accompanied by his wife and seven children, and by three of his political supporters, who were deported from Costa Rica for their work in Fernandez's interests. One of them, Bernardo Soto, is a former president of the republic. The others are Abel Pacheco and Octavio Garcia. For several weeks prior to their departure from Port Limon, Fernandez and his adherents were confined in prison, having been arrested for conspiracy.

HOUSE GIVES UP THE FIGHT

Senate Conferees on Statehood Bill Will Get the Foraker Amendment.

Washington, March 28.—That the senate and house will reach a compromise agreement on the statehood bill, which will permit Arizona and New Mexico each to decide for themselves the question of their admission as one state, seems a correct conclusion from present indications. The conferees met today for the second time, and while the session was devoted to what are termed the minor amendments, there are indications that a basis of agreement on the chief question is suggesting itself naturally and will result in the restoration of Arizona and New Mexico to the bill with the Foraker amendment, and inquiry among the senators who opposed the original house bill indicates that they will accept this compromise.

The senate amendment defining the limits of the prohibition in Oklahoma is regarded as the result of a general agreement among all parties interested, and is accepted. Likewise there seems little objection to the senate provision allowing lieu school lands to be selected in place of school lands found to be mineral lands. Other senate amendments are to be considered Friday.

LOSS OF HALF A MILLION

Destructive Fire at Johnstown, Pa.,—Fireman Caught Under Falling Walls.

Johnstown, Pa., March 28.—The fire which broke out in the business section of this city shortly after last midnight, was not fully under control until after daylight, when it had burned itself out after destroying four large business structures and causing a loss of over half a million dollars.

During the progress of the fire, William Campbell, a fireman, was caught under a falling wall and probably fatally injured. It was a few minutes after 12 o'clock when flames were seen issuing from the second floor of the Swank Hardware company's building at the corner of Main and Bedford streets. Just how the fire originated is not known, but when it was discovered it had gained such headway as to render futile for five hours the work of the firemen in combatting it.

Before ceasing its ravages, the following buildings were completely destroyed: Swank building, loss $200,000; Henderson Furniture company's store, loss $75,000; Fisher's wholesale liquor house, loss $50,000; the Journal Publishing company, loss $100,000; Louis Geis, residence, loss $25,000.

A score of tenants in the various buildings sustained losses aggregating $100,000. The Journal was unable to issue this morning, but announced that it will at once resume in new quarters.

EFFECT OF HIGH LICENSE

Saloonkeepers and Bartenders Have to Seek Other Employment.

Columbus, O., March 28.—Thousands of men may be thrown out of employment by the enforcement of the Aiken $1,000 liquor law which has just been passed. According to one authority, the 5,000 proprietors of the saloons that will close will be out of employment—at least half of them have barkeepers, making 2500 more. Many porters, men who get up the saloon lunches and bakers will lose their jobs. Brewery drivers and other employes at the breweries will also suffer and it is said today that between 10,000 and 15,000 people in all will be out of employment.

Representative Aiken estimated that the gain in the state's revenue will be about $3,450,000, three-tenths of which goes to the state. It is estimated that 400 saloons will close in Cincinnati, 400 in Cleveland, 350 in Columbus, 375 in Toledo, 200 in Dayton and 180 in Youngstown, besides many in smaller towns.

DISASTROUS FLOOD AT WATERLOO, IOWA

Waterloo, Ia., March 28.—The water in the Cedar river rose eleven feet last night and early today broke the west levee and flooded the business district of Waterloo. Hundreds of families were rendered homeless, and all railroads are tied up.

Cedar Falls reports a similar disaster, and 200 families there were rendered homeless. Bridges and dams were also wiped out.

At 7 o'clock the waters came to a standstill and danger for the present is believed to be over.

HEIR TO A FORTUNE IN SERIOUS SCRAPE

San Francisco, March 28.—Jacob Crossman, accused of passing fictitious checks, was brought back here today from New Orleans by Detective Whitttiker. On March 10 he was 31 years of age and, according to the terms of the will of an uncle who died in Berlin, then became entitled to a legacy of property valued at 120,000 marks. He already has served sentences in the county jail and San Quentin prison, one for burglary and another for passing bogus checks.

ELECTIONS POSTPONED.

Budapest, Hungary, March 28.—It is understood that as a result of yesterday's conferences at Vienna between Emperor Francis Joseph and the Hungarian cabinet ministers, it was decided to postpone the elections for a few months when the government hopes to be able to obtain an effective majority.

CANNOT SUPPORT THEIR FAMILIES

Pay of the Officers in United States Army Is Considered Too Small.

NO PROSPECT OF A RAISE

SECRETARY TAFT BEFORE SENATE COMMITTEE.

Washington, March 28.—Secretary Taft, who was before the senate committee on military affairs today, spoke at some length concerning the necessity for a military cable to Panama by way of Key West, Porto Rico and Guantanamo. Such a cable is provided for in the pending bill by an appropriation of $927,000. He also asked that provision for a cable ship be used in coast defenses, which was struck out of the bill by the house, be restored. Secretary Taft opposed the reduction of the cavalry arm on the ground that it requires two years or more to equip and train this force.

An amendment offered by Senator Lodge providing that the coastwise laws of the United States shall not apply to trade between the United States and the Philippines until July 1, 1909, was indorsed by the secretary. The senate adopted an amendment to the shipping bill providing for such an extension, but that bill is tied up in the house with little chance of passage.

Pay of the Officers.

Senator Scott called attention to a bill he introduced early in the session providing for an increase in the pay of second lieutenants, first lieutenants, captains and majors and asked the secretary if he would be in favor of that bill. The secretary said that he did not know as he would be ready to indorse it at this time, but he was agreed it was difficult for these officers to support families on their pay. He said that while there had been a great deal of ridicule of the proposition advanced by General Corbin to prohibit officers under the rank of captain from marrying when they had little means, he thought the suggestion worth considering.

Secretary Taft said that he thought the non-commissioned officers were the men most entitled to an increase of pay. He paid a glowing tribute to the "old sergeant" who teaches the young lieutenants how to manage men. He said these men should be encouraged to remain in the army.

ACQUITTED OF CHARGE.

Kankakee, Ill., March 28.—Charles E. Baines, mayor of Milford, Ill., who with Gilbert Vennum, a politician, was indicted by a grand jury two months ago on a charge of enticing Myrtle Taylor, aged 16 years, and Essie Childs, aged 18 years, was acquitted today.

IOWA WILL INVESTIGATE.

Des Moines, Ia., March 28.—The senate today ordered the investigation of Iowa insurance companies. An appropriation of $10,000 is made for the investigation. The bill is certain to pass the house.

LEASING PLAN OF HITCHCOCK

Secretary of the Interior Submits to Congress the Draft of a Bill.

(Special to The Herald.)

Washington, March 28.—The interior department today submitted to congress the draft of a bill providing a plan of leasing public lands of the United States and recommended its passage. The bill as drawn authorizes the secretary of the interior to withdraw from public entry lands deemed by him desirable and to lease them for grazing purposes, giving small stockmen preference, for terms not exceeding five years, at a rental to be fixed by the secretary. At the expiration of the leases the secretary is to reclassify the lands and exclude from the grazing area tracts which should be subject to homestead or other forms of entry. The proceeds of grazing fees shall be turned into the reclamation fund, to be used to carry on the work upon projects which have been decided desirable, but for which there is insufficient money available in the reclamation fund. In submitting the bill the interior department called attention to the fact that a number of irrigation enterprises have been found feasible but that the reclamation fund is not large enough to provide for all of these projects and the suggestion is made that the proceeds from the rental of the grazing lands would not only provide such funds but would tend to preserve the range and give opportunity for its improvement. Among the projects mentioned by the department which might be aided by the passage of the bill are the Bear River, in Utah, the Grand river, in Colorado, the Goshen Hole, in Woming, the Dubois, in Idaho, and the Las Vegas project, in New Mexico.

CONTEST IN THE HOUSE.

Claims of Rival Committees Over Question of Jurisdiction.

Washington, March 28.—There is to be a contest regarding committee jurisdiction of dams between the rivers and harbors committee and the committee on interstate and foreign commerce. A resolution which will bring this question before the rules committee for action has been introduced by Mr. Burton of Ohio, chairman of the rivers and harbors committee, upon which a hearing will be requested.

The resolution has its immediate inspiration because of attention which the commission is now giving a measure providing that water may be taken from the Sacramento river in California for irrigation purposes. Much money has been expended on this river under the supervision of the rivers and harbors committee to make it navigable. This has been accomplished for a distance of 266 miles. The proposition to allow water to be taken from the stream will render it too low for navigation by the river boats, according to the belief of members of Mr. Burton's committee. Hence the resolution, which prescribes that hereafter all bills for dams across navigable rivers shall go to the rivers and harbors committee.

DUKE GETS RID OF AN UNDESIRABLE WIFE

New York, March 28.—Brodie L. Duke of Durham, N. C., a relative of the president of the American Tobacco company, today was granted a divorce from his wife, Alice Webb Duke, whom he married in this city Dec. 19, 1904.

When the case was called for trial yesterday counsel for Mrs. Duke did not appear and witnesses were examined for the plaintiff. Justice Blanchard ordered a sealed verdict, which was returned today. Mr. Duke's marriage to Alice Webb was followed by a series of sensational events, in which an unsuccessful effort was made by relatives of Mr. Duke to have him placed in an insane asylum.

CLAIM JUMPERS DRIVEN FROM FAIRVIEW, NEV.

Fallon, Nev., March 28.—Word reached here this morning that a party of claim jumpers was driven from Fairview, forty miles from here, at the point of a pistol yesterday. A location monument was erected on the townsite and removed at the point of a gun. A vigilance committee has been formed. The cool action of a deputy sheriff prevented a pitched battle. All is now quiet.

SMELTING PLANT BURNED

Disastrous Fire at Grand Encampment, Wyo.,—Town Deprived of Power.

Grand Encampment, Wyo., March 28.—The great smelting, concentrating and electric and steam power plant of the Penn-Wyoming company was almost completely destroyed by fire today, entailing a loss estimated at $300,000, covered by insurance of $150,000. The smelter building was saved after a hard fight by the fire department. The origin of the fire is a mystery.

The plant had been closed down for the winter on account of the deep snow and improvements under way. Preparations were on foot to resume next month.

The fire will bring the business to a standstill for months. The Penn-Wyoming company handled the copper ores of a large part of the Encampment district, in addition to the ores from its own mine, the Rudefha.

Destruction of the electric plant has deprived the city of light and power.

DR. COOK'S SCIENTIFIC, CERTAIN AND COMPLETE CURE FOR MEN

Weak, Nervous, Restless at Night, and Weak, Aching Back, Diseased Kidneys, Inflamed Prostate, Despondent, Lack of Energy, Ambition and Strength, Poor Memory, Hollowed Eyes, Face Pimples and Dark Circles under Eyes, Bashful, Melancholia, Youthful Folly, Weak, Trembles, Varicocele, Excessive Drinking, Loss in Urine, Exposure, Overwork and Worry, Exhausting Dreams.

An endless number of men have one or more of the above symptoms and drag from day to day in despair of a prosperous, happy future, and well they may, for if neglected their health is sure to be wrecked by a complete loss of physical, mental and sexual power.

My method completely and permanently revives manhood after cure-all remedies and quickcure specialists fail to even benefit.

My scientific, systematic course of treatment for weak, nervous, brokendown youths and men, who have, through folly, dissipation and excesses, unfitted themselves for work and the enjoyment of life is a system that has been tested many times over and proven entirely satisfactory in every case. It is totally different from the many sickening pills and tablets, and the stimulating, stomach-ruining drugs given by would-be specialists. My specific treatment for all the symptoms indicating Failing Manhood is harmless though so effective as to remove them immediately. It is constitutional; therefore, by purifying and enriching the blood, strengthening the nervous system, nourishing the tissues, the patient becomes strong and healthy with all signs of trouble forever gone. The treatment is to the human system what the sap is to the tree—it buds energy, ambition and confidence that leaf into a prime, healthy, vigorous feeling of new life.

I treat and cure all such pelvic diseases as PILES, FISTULA, RUPTURE, VARICOCELE, HYDROCELE, BLOOD POISON, SKIN DISEASES, SORES, ULCERS, NERVOUS DECLINE, and diseases of the KIDNEYS, BLADDER AND PROSTATE. My method of treating these diseases has proven so successful that I guarantee a permanent cure in every case accepted, and contract by a written instrument to produce permanent and satisfactory results or refund money.

IMPORTANT.—I will cure you for less money than you can be treated for by any other specialist in Salt Lake. You may have to come to me sooner or later in order to be properly cured; why not before you have lost your money in doctoring with cheap, unskilled specialists?

CURE OR NO CHARGE.—ABSOLUTELY NO CHARGE UNLESS SATISFACTION IS GIVEN. Every patient is given a written guarantee to refund every dollar paid for services if they do not receive a complete, life-long cure and entire satisfaction, and I have made a deposit of $500.00 in the bank to secure any contract that is not fulfilled.

CONSULTATION FREE, CONFIDENTIAL AND INVITED. A personal, thorough and searching examination is required, though if inconvenient to call, write me a full description of your trouble. Office hours, 9 a. m. to 8 p. m., except Sundays, from 9 to 12:30. Address or call
