Director's Note:

The songs you will hear on the program tonight have all been selected by these students for inclusion in this program. This semester they have learned not only how to train their voices but also to think through musical processes in both selecting and performing music. It has been my joy and privilege to be able to witness their growth over the last few months and I am excited that you are here to witness that growth yourself.

They have all worked very hard and I hope by the end of the evening you are as impressed with their work as I have been. They have quite a lot to be proud of and many more wonderful things are to come. Thank you for supporting the Westmont Hilltop Music Department and have a wonderful holiday season!

Mrs. Allard
